SOAPy for NP, PA and medical programs

SOAP note practice students do on their own, with scores and notes faculty can see.

soapyapp.com/educators

WHAT IT IS

Students interview a fictional patient, write the full SOAP note, and get each section scored against the case's answer key, with what they missed and what they documented incorrectly. 69 cases across 20 specialties, most of them family, internal, emergency and pediatric care. A case takes 8 to 20 minutes, on an iPhone or in any web browser.

HOW A CLASS WORKS

1. **Sign in with your school email.** We confirm every instructor by hand, usually within a day.
2. **Create a class.** You get a code and ready-made instructions for your course page.
3. **Students join with the code.** Each case they finish shows up on your dashboard.

PRIVACY AND DATA

- Every case is fictional. SOAPy is never used with real patients.
- Scores are recorded by SOAPy's server when a note is graded, so students can't edit them. Older app versions are labeled "self-reported".
- Instructors see only students who joined with their code, and every roster view is logged.
- Instructors can read each note exactly as it was graded, for cases finished after the student joined. Students are told in the app.
- Students can leave a class at any time.

Need a data agreement or a security questionnaire? Email support@soapyapp.com.

WHAT FACULTY SEE

- Each student's cases, average score and weakest section
- Class averages for Subjective, Objective, Assessment and Plan
- Assignments with due dates: who's done, who's late, who hasn't started
- Each note itself, exactly as it was graded
- "Needs attention" flags: not started, inactive for 10 days, or averaging under 70
- A CSV export for your gradebook

COST

Spring pilot	Free. Students in your class get SOAPy Pro through June 1, 2027.
After the pilot	$29 per student per year, with a 10-student minimum ($290). One invoice covers the class for 12 months.
Faculty	Always free.
Student plan	Students can also buy their own for $34.99 a year.

HOW TO BUY

1. **Set up your class.** It's free, so you can try it with your students before paying anything.
2. **Ask for an invoice.** Email support@soapyapp.com with your class, the number of students and a start date. We can add your PO number.
3. **Pay within 30 days,** by card or check.

Full refund within 30 days of payment. Nothing renews automatically. A W-9 is available on request.

SOAPy is an educational practice tool. It is not a medical device, and it does not replace clinical hours, a preceptor or your teaching.
